HYDRAULIC PRESS

Best quality and service

HEUNG JIN
HYDRAULIC PRESS

HEUNG JIN HYDRAULIC PRESS

Best quality and service

Greeting

We 'Heungjin hydraulic' are going to the way for only the production of hydraulic press machine based on experience and technology since its establishment in 1976.

We are committed to customer satisfaction.

We will continue to improve through the development of improved technology, cost reduction, quality and service will do our best efforts to be a companion to contribute to your development

Overview

- Company Name : HEUNGJIN Hyd, Co.,Ltd
- Address : #229-2, Mae-ri, Sangdong-Myun, Gimhae, Gyeongnam, Korea
- Main Products : Hydraulic Press , Hydraulic System
- Factory : 3,200 m²
- Power : 150 Kw / 380V

History

- **1976** Heungjin Hyd, Co.,Ltd was established in Busan
- **1996** The company moved to the new factory in Busan. (660m²)
- **2008** The company moved to the new factory in Gimhae. (3,200m²)

FORMING PRESS Hydraulic Forming Press

■ Features

- Production of interior materials for vehicle, industrial construction, and other industrial materials
- Hydraulic unit installed above the press
- Available as a hot press using a hot plate

■ Specification

Model	HHP 150	HHP 200	HHP 300	HHP 500	HHP 1000	HHP 1500
Capacity (Ton)	150	200	300	500	1000	1500
Open Height (mm)	1500	1700	1700	1700	2000	2000
Stroke (mm)	1000	1200	1200	1300	1400	1400

- The standard design can be changed according to your request.
- Special specifications can be customized

C-TYPE PRESS C-Type Hydraulic Press

■ Features

- Compact C-shaped frame structure is designed with an open front is very excellent ease of operations.
- For DRAWING, BENDING, STAMPING, etc
- Production of materials for refrigerator, washing machine and etc.

■ Specification

Model	HCP 30	HCP 50	HCP 80	HCP 100	HCP 150	HCP 200
Capacity (Ton)	30	50	80	100	150	200
Open Height (mm)	300	300	300	500	500	500
Stroke (mm)	200	200	200	300	300	300

- The standard design can be changed according to your request.
- Special specifications can be customized

4 COLUMN PRESS 4 Column-Type Hydraulic Press

■ Features

- 4 column type is useful to use.
- Production of materials for refrigerator, washing machine and etc

■ Specification

Model	HHP 100	HHP 150	HHP 250	HHP 350	HHP 500
Capacity (Ton)	100	150	250	350	500
Open Height (mm)	500	550	550	550	650
Stroke (mm)	300	300	350	350	400

- The standard design can be changed according to your request.
- Special specifications can be customized

TRIMMING PRESS Hydraulic Trimming Press

■ Features

- Production of interior materials for vehicle, industrial construction, and other industrial materials
- Tables can be attached to increase efficiency. (Front, Back)

■ Specification

Model	HHP 50	HHP 100	HHP 150	HHP 200	HHP 300
Capacity (Ton)	50	100	150	200	300
Open Height (mm)	300	300	300	350	350
Stroke (mm)	300	300	300	350	350

- The standard design can be changed according to your request.
- Special specifications can be customized

DEEP DRAWING PRESS Deep Drawing Hydraulic Press

■ Features

- STRAIGHT SIDE FRAME
- For Automobiles, electrical machinery and domestic kitchen utensils.
- Built-in Die Cushion System
- Hydraulic unit installed above the press

■ Specification

Model	HHP 150	HHP 200	HHP 300	HHP 500	HHP 600	HHP 1000
Main Capacity (Ton)	150	200	300	500	600	1000
Cushion Capacity (Ton)	60	80	120	200	250	400
Open Height (mm)	1000	1200	1200	1400	1600	1600
Stroke (mm)	700	900	900	1100	1200	1200

- The standard design can be changed according to your request.
- Special specifications can be customized

HYDRAULIC HOT PRESS Hydraulic Press

■ Features

- Available as a hot press using a hot plate or thermal boiler
- In particular, use the small quantity batch production of rubber. (Military bulletproof helmets, etc.)

■ Specification

Model	HHP 150	HHP 200	HHP 300	HHP 400	HHP 500
Capacity (Ton)	150	200	300	400	500
Open Height (mm)	1000	1000	1000	1000	1000
Stroke (mm)	800	800	800	800	800

- The standard design can be changed according to your request.
- Special specifications can be customized

DOUBLE ACTION PRESS Hydraulic Double Action Press

■ Features

- Production of interior materials for vehicle, industrial construction, and other industrial materials
- Upper and lower slides are respectively operate.
- Hydraulic unit installed above the press

■ Specification

Model	HHP 100	HHP 200	HHP 300	HHP 400	HHP 500
Capacity (Ton)	100	200	300	400	500
Open Height (mm)	1500	1900	1900	1900	1900
Stroke (mm) (U/L)	800/300	1000/500	1000/500	1000/500	1000/500

- The standard design can be changed according to your request.
- Special specifications can be customized

DIE SPOOTING PRESS Die Spotting Press

■ Features

- Tryout & die-spotting in vehicle mold.
- Moving Bolster
- 8 Face Guide
- Various safety devices
- Hydraulic unit installed above the press

■ Specification

Model	HDSP 100	HDSP 200	HDSP 300	HDSP 400	HDSP 500
Capacity (Ton)	100	200	300	400	500
Open Height (mm)	1500	1700	2000	2000	2000
Stroke (mm)	1000	1200	1500	1500	1500

- The standard design can be changed according to your request.
- Special specifications can be customized

FORGING PRESS Forging Press

■ Features

- STRAIGHT SIDE FRAME
- Useful in forming of forged products
- 8 Face Guide
- Hydraulic unit installed above the press

■ Specification

Model	HHP 200	HHP 400	HHP 800	HHP 1000	HHP 1200
Capacity (Ton)	200	400	600	1000	1200
Open Height (mm)	1500	1500	1500	2000	2000
Stroke (mm) (U/L)	1000	1000	1000	1300	1300

- The standard design can be changed according to your request.
- Special specifications can be customized
